JANUARY 2024 VISION 100/27 UPDATE

Pastor (Dr) Afolabi Otusanya
Assistant General Overseer, Church Planting,
JCCI The Oasis, Riverdale, Georgia, USA

RWANDA

It has been a difficult task searching for a place of worship within our budget in Kigali (the capital) and suburb. Cost of living is high in Rwanda apart from the fact that government rules seem very strict and unfriendly. We must register before the church takes off. And we cannot register the church until we rent a location, and the government inspects and approves the location as a worship center. Please pray for Pastor Ebenezer Oghenemaro and his wife for God's leading and favour. They will not be discouraged.

UGANDA:

They had their first Sunday meeting December 17, after a couple of meetings by the founding members. They have just located Dahallin Kampala but somehow expensive. As they start regular services in January, let us pray that God will establish His church and bring and sustain His labourers. Let us pray for Apostle Benjamin Twebaze and his team for divine help and favor. We also need money to buy their church equipment.

.

CAMEROUN

We are presently searching for a good but not too expensive apartment for our missionary who we hope will be able to travel to LIMBE, CAMEROUN in January. Let us pray for God's favor that a good place will be found and host of heaven will move with her to Cameroun. All the 3countries mention above board good mission grounds, but cost of living high. We need to pray and believe God for the necessary funds.Phil4:19.

Thanks for your partnership in this vision. None of us will miss our rewards in Jesus' name.

OUR NEED

We thank God for committed intercessors from all branches of JCCI who have been regularly lifting up this vision before the Lord for accomplishment. We want all our members worldwide to be involved in this. We also need men/women who will step out by the Spirit of the Lord to go to these nations. This can be for a short period or long period as God will enable. The harvest truly is plenteous, but laborers are few. Of course, funds to execute this vision is of great importance. Every member of JCCI GLOBAL FAMILY is expected to give generously towards this vision. It costs a lot of money to establish a church and have it equipped and take care of the missionaries serving in these churches. We appeal to all our members to actively participate in this vision. Nothing you do is too much for the Kingdom of God.

While thanking God for progress so far, we are conscious of the fact that we are still very far from our target of one hundred (100) nations. To many of us who have been praying, giving sacrificially, and doing some other things for this vision to be fulfilled, our efforts have not been in vain. We trust God for more wisdom, open doors, and divine connections. This is a task of eternal implications and rewards. And none of us will miss our rewards in Jesus' name. Let's do more to enlarge the Kingdom of our God. Thanks for your labor. God bless you.
